FIRST VOTE ON SUGAR

House Rate Changed by the Close
Vote of 32 to 30.

CAUCUS AMENDMENTS SAFE.

Secretary Long Refuses to Accept the Resignation of Naval Cadets—Judge J. K. Richards of Ohio for Solicitor General—Unpaid Sugar Bounties—Indiana Postmasters.

WASHINGTON, June 12.—The first test vote on the sugar schedule was taken in the senate late yesterday, resulting in the adoption of the Republican caucus amendment changing the house rate of 1.95 per pound by the close vote of yeas, 32; nays, 30. The affirmative vote was made up of 29 Republicans, 1 Democrat, McEnery (La.), 1 silver Republican, Jones (Nev.) and 1 Populist, Stewart (Nev.). The negative vote was made up of 25 Democrats, 3 Populists and 2 silver Republicans. It was the closest vote thus far taken on any issue of im-

SENATOR ALLISON.

portance and was accepted as showing that any amendment having the sanction of the caucus was assured of adoption.

The vote was taken after a day spent in speeches on the effect of the sugar schedule. The main speech of the day came from Mr. Allison, in charge of the bill, and was in the nature of an answer to the charges made against the sugar schedule as a whole, and a defense of it. Mr. Gorman (Md.) spoke against the schedule and the entire bill, pointing out that its effect was to burden the people without opening up to us new foreign markets.

Mr. White reviewed the records of Republican senators on the sugar schedule during the debate on the Wilson bill, arraigning them for inconsistency. Mr. Caffery (La.) and Mr. Stewart (Nev.) also spoke, the former against and the latter for the pending schedule, after which the vote was taken.

The first paragraph of the sugar schedule was not finally disposed of up to the time of adjournment.

MUST SERVE THEIR TIME

Secretary Long Refuses to Accept the Resignations of Naval Cadets.

WASHINGTON, June 12.—For the first time in many years the secretary of the navy has interposed his veto upon the application of a junior officer to leave the naval service. In the present case three of the cadets at Annapolis, George Weber of Arkansas, H. L. Collins of Pennsylvania and P. L. Pratt of Illinois sought to resign. They had completed four years service at the academy, the last year being devoted to the engineering branch, and desired to leave to engage in private business. Secretary Long, however, found that the engineer corps was sadly in need of officers owing to the rapid depletion of the ranks of the older engineers in late years and he decided that as these young men had been educated at the expense of the government they should render service in return. The cadets upon admission to the academy are required to pledge themselves to serve the government not less than eight years, so that these young men will now be obliged to take the usual two years cruise which rounds out the Annapolis course, at the end of which time they will receive their commissions as assistant engineers in the navy and be regularly assigned to duty.

Before Thinking of Anything More Serious

You think of Scott's Emulsion as only for those who have consumption or who have inherited a tendency to it. Almost its greatest use is for those whose condition is so impaired as not to be able to get the good they should out of their ordinary food. In nearly every case with these, Scott's Emulsion of Cod-liver Oil brings back appetite, stimulates digestion, restores color and plumpness, and controls the diseases of thinness. The diseases of thinness are consumption and scrofula, poor blood-starved blood. The former comes of the latter. Book telling more about it free.

Unpaid Bounties.

WASHINGTON, June 12.—The internal revenue bureau has prepared a schedule of the balance of unpaid claims for bounty on sugar manufactured and produced from August 1, 1894, to June 30, 1895, under the act approved March, 1895. Under this act \$5,000,000 was appropriated and disbursed on pro rata basis, which left a balance on approved claims unpaid of \$1,085,156. An appropriation covering this amount recently was made by congress in favor of the 493 claimants, which will be available after July 1.

Judge Richards For Solicitor General.

WASHINGTON, June 12.—On July 1 Judge J. K. Richards, ex-attorney general of Ohio, will succeed Judge Holmes Conrad as solicitor general in the department of justice. Judge Conrad placed his resignation at the president's disposal early in March, but was induced to remain in office until certain important cases in the supreme court, with which he had been prominently identified, had been argued.

Indiana Postmasters.

WASHINGTON, June 12.—Indiana postmasters were appointed yesterday as follows: Burdick, F. A. Guest; Cradall, T. A. Mellon; Jerusalem, A. M. Thayer; Lake Cincinnatian, Frank Loser; Landess, H. F. Yale; Liberty Mills, Mary McFann; Sexton, A. H. Hanson.

Inheritance Tax.

WASHINGTON, June 12.—The Democratic members of the senate committee on finance have agreed to offer as an amendment to the tariff bill a provision for an inheritance tax.

HOPEFUL OUTLOOK.

Bradstreet Says Business Is Better Than a Year Ago.

NEW YORK, June 12.—Bradstreet's today says: Notwithstanding cool, wet weather, which checked the distribution of seasonal goods, disappointment at the restriction of distribution of merchandise in the spring and early summer is giving way to hopefulness for the fall trade. Business is better than a year ago. The volume is larger and there are more people employed than prior to the last presidential election. The movement of merchandise in the past five months has been disappointing, but jobbers are beginning to report fair orders for fall delivery. The encouraging features announced this week are the improvement in May railroad earnings and the advance in the price of Bessemer pig iron, although the latter is less significant than some reports indicate. Manufacturers of woollens are more hopeful, the outlook for higher prices stimulating speculative demand for both raw and manufactured products. Crop prospects, except in Oregon and Washington, where rain is needed, continue favorable. Hot and forcing weather with showers throughout the gulf states has had an excellent effect on cotton and corn, which has stimulated demand for merchandise.

Mr. White reviewed the records of Republican senators on the sugar schedule during the debate on the Wilson bill, arraigning them for inconsistency. Mr. Caffery (La.) and Mr. Stewart (Nev.) also spoke, the former against and the latter for the pending schedule, after which the vote was taken.

The first paragraph of the sugar schedule was not finally disposed of up to the time of adjournment.

LAW CONSTITUTIONAL.

Three Cent Street Car Fare Upheld by the Supreme Court.

INDIANAPOLIS, June 12.—The supreme court yesterday handed down a decision on the 3-cent street car fare law, passed by the last legislature. The opinion was written by Judge Monk and concurred in by the full bench. The Citizens company was not a principal in the case. After the injunction granted by Judge Showalter, prohibiting conductors from accepting less than 5 cents fare from a passenger, John Navin refused to pay more than 3 cents, was arrested, tried in the city courts and fined \$50. He appealed to the circuit court where a decision was rendered in his favor. The city then appealed the case to the higher courts, raising the question of constitutionality of the law, in that it only applied to Indianapolis and consequently was not a general law. The supreme court holds that the law is general as it applies to any city having 100,000 inhabitants at the taking of the last census or may have that number after the taking of any future census. The restraining order of the United States court, however, prevents the enforcement of the law until the order is modified.

BRITAINS PLEASED.

United States to Be Handsomely Represented at the Queen's Jubilee.

LONDON, June 12.—Ambassador Hay gave a dinner last night in honor of Whitelaw Reid, special ambassador of the United States, to the diamond jubilee festivities. Most of the guests were Americans, the company including Mr. Andrew Carnegie and Chauncey M. Depew.

Mr. Reid's splendid quarters at Lonsdale House are already the scene of social activity, and the special embassy promises to be one of the features of the jubilee. The British government is much pleased that the United States is to be so handsomely represented.

Mr. William Colville, the queen's master of ceremonies, called on Mr. Reid, as did also Lord Wolseley, the commander-in-chief, and other prominent men. The queen has appointed Colonel Henry Hallam Parr, as special envoy to Mr. Reid during his stay here.

Fainted on the Scaffold.

James French Hanged for the Murder of His Wife.

ROCKORD, Ills., June 12.—James French was hanged yesterday in a stockade near the county jail for the cold-blooded murder of his wife last July. Two hundred people witnessed the execution, while the streets in the vicinity of the jail were crowded with thousands. French did not weaken till the last but fainted as the black cap was placed over his head. Deputies had to brand him for a minute till the trap could be sprung. Sheriff Oliver suffered from nervous prostration and the execution had to be postponed nearly an hour to allow him to perform it.

HIS HOME DYNAMITED

Residence of Governor Smith of Soldiers' Home Blown Up.

MRS. SMITH'S NARROW ESCAPE

Dishonorably Discharged Veteran Is Arrested Charged with the Crime—Outrage Believed to Be the Result of Persecutions Waged Against Governor Smith—His Life Frequently Threatened.

LEAVENWORTH, Kan., June 12.—A man named Oliver, a dishonorably discharged inmate of the Soldiers' home here, was arrested late yesterday on suspicion of being the party who blew up the residence of Governor Smith of the home. Oliver refuses to talk and has been placed under \$1,000 bond.

Dynamite was employed in the outrage, the explosion partially demolishing the governor's beautiful residence.

Mrs. Smith had a miraculous escape from death, the base of the explosion being directly beneath her bedchamber. Besides being cut and bruised by broken glass and pieces of flying brick-a-brac and furniture, she was completely prostrated by the frightful shock, and is now in a precarious condition.

Governor Smith and daughter, Miss Daisy, were on the second floor and far enough removed from the explosion to escape the serious consequences suffered by Mrs. Smith.

Another dishonorably discharged veteran is suspected of complicity but has not been apprehended. Oliver is a tough character and a few months ago was arrested and punished for deliberately shooting into an electric car. A few nights ago John Biringer's powder magazine was robbed and it is believed the robber is the one who caused the explosion.

It is the universal opinion that the outrage is a direct result of the persecution waged against Governor Smith for the past five or six years by certain persons in Leavenworth and elsewhere in Kansas. Threats to blow up the governor have been freely made by discharged veterans since the national board of managers made the order transferring Colonel Smith to the Pacific branch home at Santa Monica, Cal. A number of veterans have threatened to take the governor's life during the past few years. Many imagined he had wronged them and they thought revenge was due them. Both the members and the officers of the home took sides in an open fight on Colonel Smith, which finally resulted in his being transferred to the Santa Monica branch. The congressional investigation of Governor Smith's management of the home was directly due to charges brought by Dr. J. L. Wever some years ago.

NASHVILLE EXPOSITION.

The Cincinnati Building Was Dedicated in Presence of McKinley.

NASHVILLE, June 11.—The Cincinnati building was dedicated today, President McKinley being present. The president and party were escorted to the exposition by United States troops, the Cincinnati police and accompanied by President J. W. Thomas and the exposition executive committee. At 11 o'clock the Cincinnati building was presented by Robert Laidlaw to Mayor Caldwell and formerly dedicated by him. A reception in the building followed for an hour, the Marine band of Cincinnati furnishing the music. Tonight the fire-works will be especially for Cincinnati.

WORDS OF THE PRESIDENT.

'Let me tell you, my countrymen, that resuscitation will not be promoted by recrimination. The distress of the present will not be relieved by a distrust of the future. A patriot makes a better citizen than a pessimist. And we have got to be patient. Much as we want to move out of the old house, we cannot do it until the new house is finished. A tariff law half made is of no practical use except to indicate that in a little while a whole tariff law will be done, and it is making progress. It is reaching the end, and when the end comes we will have business confidence and industrial activity. Let us keep steady heads and steady hearts. The country is not going backward. American energy has not been destroyed by the storms of the past. It will yet triumph through wise and benevolent legislation.'

FREE SILVER AND COMMERCE.

The theorists who insisted during the last fall's discussion of the silver question that the adoption of the silver standard would prove advantageous to our foreign commerce will probably be surprised to find that it is this very subject which led both Japan and Peru to adopt the gold standard. Statements by the officials of these two nations show in each case that they found that their foreign commerce was suffering by reason of the fluctuations in the value of their currency since foreigners in accepting their coin simply classed it as bullion, while they forced it upon the citizens of those countries at its face value in payment of their exports. This testimony as to the real effect of a silver standard on foreign commerce, coming simultaneously, as it does from two nations widely separated, is extremely valuable, and must show to those who were inclined to accept the foreign commerce theory of the silver proposition last fall that it was an erroneous one.

Governor Mount's efforts to have the expenses of the state's benevolent institutions cut down are bearing fruit. Several of the institutions have reported a reduction since looking over the list of expenses. The people will approve the governor's course.

DEMOCRATIC managers in the various States where elections are to be held this fall are looking askance at the proposal of Mr. Bryan to come over and 'help them out.' They remember with a thrill of anxiety that 22 of the 28 states which Mr. Bryan visited in the last campaign went Republican, many of them for the first time in many years.

PRESENT indications warrant the belief that the gold production of the world in the present year will reach the enormous sum of 250 million dollars. Not only are the mines of the United States turning out greater quantities of gold than last year, but recent reports from the wonderful mines in Africa, from those of South and Central America and Australia, all bring the same information. It is perfectly apparent that the gold production of the year will by far exceed that of any other year in history.

THE republicans of the Fourth district are in a position to nominate a man for congress on whom the party will unite, and that is more than the democrats have done.

The supreme court has sustained the constitutionality of the three-cent fare law enacted by the last legislature. The decision is a victory for the people of Indianapolis, who are demanding justice from a corporation, two thirds of which is water.

Good progress is being made by the administration in consideration of the Cuban question. Meanwhile the demand for instant action which was so strongly marked a fortnight ago has disappeared, and following it has come a feeling that attempts to force the administration to act before it should obtain the proper information would be not only an injustice to it but to Americans and the American nation.

The suggestion of President McKinley that we celebrate a protective tariff on the Fourth of July seems in a fair way to be realized. The breaking down of party lines by the southern democratic senators voting for a tariff on cotton is significant of the change which has come over that portion of the country. The tariff bill will probably pass by a larger vote and much sooner than its best friends had hoped.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable.

For a great many years doctors pronounced it a local disease, an I prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address.

A FORGER.

A Young Man Presents Two Checks Signed
by the John C. Groub Co.

Yesterday a young man giving his
name as C. Redmon went to Ed. Eld-
ridge at the Singer Sewing Machine
office and said he wanted to buy a
machine for his wife, it being her birth-
day.

A trade was quickly made and orders
left to deliver the machine at 113 Oak
street. In the evening he came around
with a check on First National Bank
signed by "John C. Groub & Co."

Eldridge not having the money in
the office himself he stepped into
Phillip Laugel's next door, and got
\$15.50 the amount the check called for.
He retained \$10 and gave Redmon \$5.50.

When he went to deliver the machine
he could find no such resident at 113
Oak street as C. Redmon, who has now
gone to parts unknown. The check is
a clear case of forgery.

He presented a similar check to Binder
& Co. in payment for a gasoline
stove but Binder was suspicious and
would not accept it.

John R. McLean's
Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper paper cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Read! Read! Read!

REASONS why you should read
the Cincinnati Daily

TIMES-STAR:

It has the latest and most reliable foreign as well as domestic news; it has better financial and market reports and more special correspondents than any other Cincinnati newspaper;

IT contains twice as much news as any other paper sold at the same price;

IT is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.

What Special Judges Cost.

The governor, the auditor and the attorney general have begun an investigation of the question of the pay of special judges and it is found that during the last six months this practice has entailed upon the state an expense of about \$15,000. Part of this is in the nature of construction fees, the special judge charging one day's pay for the time spent in reaching the circuit and another in returning. It is also a question that has never been raised whether a judge under continuous pay from the state is entitled to extra pay while sitting as special judge. The great majority of special judges are "regular" judges called from another circuit.

Superintendent Charlton Exonerated. The state board of Charities yesterday submitted to the Governor its report upon the investigation made by its committee on penal institutions of the charges preferred against the management of the Plainfield Reform School by George W. Thompson, of West Point, Tippecanoe county. After setting out in full the charges made by Thompson, the board declares that nothing was developed in the testimony of such a character as to subject the management to censure.

Excursion to California. The Baltimore & Ohio Southwestern Ry. is arranging a series of excursions to San Francisco and return for the coming summer. What Special Judges Cost.

The governor, the auditor and the attorney general have begun an investigation of the question of the pay of special judges and it is found that during the last six months this practice has entailed upon the state an expense of about \$15,000. Part of this is in the nature of construction fees, the special judge charging one day's pay for the time spent in reaching the circuit and another in returning. It is also a question that has never been raised whether a judge under continuous pay from the state is entitled to extra pay while sitting as special judge. The great majority of special judges are "regular" judges called from another circuit.

Superintendent Charlton Exonerated. The state board of Charities yesterday submitted to the Governor its report upon the investigation made by its committee on penal institutions of the charges preferred against the management of the Plainfield Reform School by George W. Thompson, of West Point, Tippecanoe county. After setting out in full the charges made by Thompson, the board declares that nothing was developed in the testimony of such a character as to subject the management to censure.

Excursion to California. The Baltimore & Ohio Southwestern Ry. is arranging a series of excursions to San Francisco and return for the coming summer. While detail arrangements are not as yet quite perfected, it is expected that the cost of the round trip from Cincinnati via St. Louis and either the southern or northern route will be within sixty dollars.

These excursions will be given during June and July, returning during July and early August. Details and definite arrangements will be given within the next few days by addressing J. H. Chesebrough, General Passenger agent, B. & O. S. W. Ry., Cincinnati, O.

EIK's Reunion | Minneapolis, July 6th to 10th.

For this meeting the "Big Four Route" will name special low rates to accommodate all members of this great benevolent society and their friends. The superiority of this route between Cincinnati, Louisville, Indianapolis and surrounding territory and to Chicago is conceded by all. 27a j15

Low Fare to Pittsburgh via Pennsylvania Lines.

Excursion tickets to Pittsburgh for the Jr. O. U. A. M. National Council will be sold via Pennsylvania Lines June 12th, 13th and 14th. FIRST VOTE ON SUGAR

House Rate Changed by the Close
Vote of 32 to 30.

CAUCUS AMENDMENTS SAFE.

Secretary Long Refuses to Accept the
Resignation of Naval Cadets—Judge J.
K. Richards of Ohio For Solicitor General—Unpaid Sugar Bounties—Indiana
Postmasters.

WASHINGTON, June 12.—The first test
vote on the sugar schedule was taken in
the senate late yesterday, resulting in
the adoption of the Republican caucus
amendment changing the house rate of
1.95 per pound by the close vote of yeas,
32, nays, 30. The affirmative vote was
made up of 29 Republicans, 1 Democrat,
McEnery (La.), 1 silver Republican,
Jones (Nev.) and 1 Populist, Stewart
(Nev.). The negative vote was made
up of 25 Democrats, 3 Populists and 2
silver Republicans. It was the closest
vote thus far taken on any issue of im-

portance and was accepted as showing
that any amendment having the sanc-
tion of the caucus was assured of adop-
tion.

The vote was taken after a day spent
in speeches on the effect of the sugar
schedule. The main speech of the day
came from Mr. Allison, in charge of the
bill, and was in the nature of an answer
to the charges made against the sugar
schedule as a whole, and a defense of it.
Mr. Gorman (Md.) spoke against the
schedule and the entire bill, pointing
out that its effect was to burden the
people without opening up to us new
foreign markets.

Mr. White reviewed the records of
Republican senators on the sugar sched-
ule during the debate on the Wilson
bill, arraigning them for inconsistency.
Mr. Caffey (La.) and Mr. Stewart
(Nev.) also spoke, the former against
and the latter for the pending schedule,
after which the vote was taken.

The first paragraph of the sugar
schedule was not finally disposed of up
to the time of adjournment.

MUST SERVE THEIR TIME.

Secretary Long Refuses to Accept the
Resignations of Naval Cadets.

WASHINGTON, June 12.—For the first
time in many years the secretary of the
navy has interposed his veto upon the
application of a junior officer to leave
the naval service. In the present case
three of the cadets at Annapolis, George
Weber of Arkansas, H. L. Collins of
Pennsylvania and P. L. Pratt of Illinois
sought to resign. They had completed
four years service at the academy, the
last year being devoted to the engineering
branch, and desired to leave to engage
in private business. Secretary
Long, however, found that the engineer
corps was sadly in need of officers owing
to the rapid depletion of the ranks of
the older engineers in late years and he
decided that as these young men had
been educated at the expense of the
government they should render service in
return. The cadets upon admission to
the academy are required to pledge
themselves to serve the government not
less than eight years, so that these
young men now will be obliged to take
the usual two years cruise which rounds
out the Annapolis course, at the end of
which time they will receive their com-
missions as assistant engineers in the
navy and be regularly assigned to duty.

Mr. Reid's splendid quarters at Lons-
dale House are already the scene of social
activity, and the special embassy
promises to be one of the features of the
jubilee. The British government is
much pleased that the United States is
to be so handsomely represented.

Sir William Colville, the queen's
master of ceremonies, called on Mr.
Reid, as did also Lord Wolseley, the
commander-in-chief, and other prominent
men. The queen has appointed
Colonel Henry Hallam Parr, as special
envoy to Mr. Reid during his stay
here as special ambassador.

Women who suffer with some dis-
ease or weakness until it becomes un-
bearable, often jump into worse trouble and
still further endanger their health by taking some so-
called remedy prepared by an incompetent, uneducated
person, perhaps a mere

nurse who has no knowledge of medi-
cine and no experience in prescribing for
complicated diseases.

The safe and sensible course is to con-
sult an educated, experienced physician.

Dr. R. V. Pierce, chief consulting physician
of the Invalids Hotel and Surgical
Institute, Buffalo, N. Y., may be con-
sulted free of charge, either personally
or by letter, and will give sound profes-
sional advice to any woman who writes
him. He is one of the most eminent
living specialists in women's diseases,
and his "Favorite Prescription" has
cured more troubles of this kind than
any other remedy known to medical
science.

"I truly believe that Dr. Pierce's
prescription saved my life," writes Mrs. Mary Pearce
of St. Louis, Missouri. "It is a
certain cure for female troubles. I am
now in full health. Nothing has ever been
so good for me. Now I am well and
strong again. Thank you for your
kindness and your good wishes. Every invalid lady
should take Dr. Pierce's Favorite Prescription."

For obstinate constipation, Dr. Pierce's
Pleasant Pellets are the most natural and
truly scientific laxative and curative in
the world. They regulate and invigorate
stomach, liver and bowels; cure bilious-
ness, indigestion and kindred ailments.

Unpaid Bounties.

WASHINGTON, June 12.—The internal
revenue bureau has prepared a schedule of
the balance of unpaid claims for
bounty on sugar manufactured and pro-
duced from August 1, 1894, to June 30,
1895, under the act approved March,
1895. Under this act \$5,000,000 was ap-
propriated and disbursed on a pro rata
basis, which left a balance on approved
claims unpaid of \$1,085,156. An appro-
priation covering this amount recently
was made by congress in favor of the
493 claimants, which will be available
after July 1.

Judge Richards For Solicitor General.

WASHINGTON, June 12.—On July 1
Judge J. K. Richards, ex-attorney gen-
eral of Ohio, will succeed Judge Holmes
Conrad as solicitor general in the depart-
ment of justice. Judge Conrad placed
his resignation at the president's disposal
early in March, but was induced to remain
in office until certain important
cases in the supreme court, with which
he had been prominently identi-
fied, had been argued.

WASHINGTON, June 12.—Indiana post-
masters were appointed yesterday as
follows: Burdick, F. A. Guest; Cradall,
T. A. Mellon; Jerusalem, A. M. Thayer;
Lake Cincinnatti, Frank Loser; Landess, H.
F. Yale; Liberty Mills, Mary McFann;
Sexton, A. H. Hanson.

WASHINGTON, June 12.—The Demo-
cratic members of the senate committee
on finance have agreed to offer as an
amendment to the tariff bill a provision
for an inheritance tax.

HOPEFUL OUTLOOK.

Bradstreet Says Business Is Better Than
a Year Ago.

NEW YORK, June 12.—Bradstreet's to-
day says: Notwithstanding cool, wet
weather, which checked the distribution of
seasonable goods, disappointment at
the restriction of distribution of mer-
chandise in the spring and early sum-
mer is giving way to hopefulness for the
fall trade. Business is better than a
year ago. The volume is larger and
there are more people employed than
prior to the last presidential election.

The movement of merchandise in the
past five months has been disappointing,
but jobbers are beginning to report fair
orders for fall delivery. The encourag-
ing features announced this week are
the improvement in May railroad earn-
ings and the advance in the price of
Bessemer pig iron, although the latter is
less significant than some reports indi-
cate. Manufacturers of woools are
more hopeful, the outlook for higher
prices stimulating speculative demand
for both raw and manufactured prod-
ucts. Crop prospects, except in Oregon
and Washington, where rain is needed,
continue favorable. Hot and forcing
weather with showers throughout the
gulf states has had an excellent effect on
cotton and corn, which has stimulated
demand for merchandise.

LAW CONSTITUTIONAL.

Three Cent Street Car Fare Upheld by
the Supreme Court.

INDIANAPOLIS, June 12.—The supreme
court yesterday handed down a decision on
the 3-cent street car fare law, passed
by the last legislature. The opinion was
written by Judge Monk and con-
curred in by the full bench. The Cit-
izens company was not a principal in the
case. After the injunction granted by
Judge Showalter, prohibiting conductors
from accepting less than 5 cents fare
from a passenger, John Navin refused
to pay more than 3 cents, was arrested,
tried in the city courts and fined \$50.
He appealed to the circuit court where a
decision was rendered in his favor. The
city then appealed the case to the higher
courts, raising the question of constitu-
tionality of the law, in that it only ap-
plies to Indianapolis and consequently
was not a general law. The supreme
court holds that the law is general as it
applies to any city having 100,000 inhab-
itants at the taking of the last census or
may have that number after the taking
of any future census. The restraining order of the United
States court, however, prevents the enforcement
of the law until the order is modified.

It is the universal opinion that the
outrage is a direct result of the persecu-
tion waged against Governor Smith for
the past five or six years by certain per-
sons in Leavenworth and elsewhere in
Kansas. Threats to blow up the
governor's home were made by dis-
charged veterans since the national
board of managers made the order trans-
ferring Colonel Smith to the Pacific
branch home at Santa Monica, Cal. A
number of veterans have threatened to
take the governor's life during the past
few years. Many imagined he had
wronged them and they thought re-
venge was due them. Both the mem-
bers and the officers of the home took
sides in an open fight on Colonel Smith.
The congressional investigation of Governor
Smith's management of the home was
directly due to charges brought by Dr.
J. L. Weyer some years ago.

NASHVILLE EXPOSITION.

The Cincinnati Building Was Dedicated
in Presence of McKinley.

NASHVILLE, June 11.—The Cincinnati
building was dedicated today, President
McKinley being present. The president
and party were escorted to the exposition
by United States troops, the Cincinnati
police and accompanied by

President J. W. Thomas and the exposition
executive committee. At 11 o'clock

the Cincinnati building was presented by

Robert Laidlaw to Mayor Caldwell
and formerly dedicated by him. A re-
ception in the building followed for an
hour, the Marine band of Cincinnati
furnishing the music. Tonight the fire-
works will be especially for Cincinnati

day.

DEMOCRATIC managers in the various

States where elections are to be held this fall are looking askance at the proposal of Mr. Bryan to come over and "help them out." They remember with a thrill of anxiety that 22 of the 28 states which Mr. Bryan visited in the last campaign went Republican, many of them for the first time in many years.

PRESENT indications warrant the belief that the gold production of the world in the present year will reach the enormous sum of 250 million dollars. Not only are the mines of the United States turning out greater quantities of gold than last year, but recent reports from the wonderful mines in Africa, from those of South and Central America and Australia, all bring the same information. It is perfectly apparent that the gold production of the year will by far exceed that of any other year in history.

THE republicans of the Fourth district are in a position to nominate a man for congress on whom the party will unite, and that is more than the democrats have done.

The supreme court has sustained the constitutionality of the three-cent fare law enacted by the last legislature. The decision is a victory for the people of Indianapolis, who are demanding justice from a corporation, two thirds of which is water.

Good progress is being made by the administration in consideration of the Cuban question. Meanwhile the demand for instant action which was so strongly marked a fortnight ago has disappeared, and following it has come a feeling that attempts to force the administration to act before it should obtain the proper information would be not only an injustice to it but to Americans and the American nation.

THE suggestion of President McKinley that we celebrate a protective tariff on the Fourth of July seems in a fair way to be realized. The breaking down of party lines by the southern democratic senators voting for a tariff on cotton is significant of the change which has come over that portion of the country. The tariff bill will probably pass by a larger vote and much sooner than its best friends had hoped.

WORDS OF THE PRESIDENT.

"Let me tell you, my countrymen, that resuscitation will not be promoted by recrimination. The distress of the present will not be relieved by a distrust of the future. A patriot makes a better citizen than a pessimist. And we have got to be patient. Much as we want to move out of the old house, we cannot do it until the new house is finished. A tariff law half made is of no practical use except to indicate that in a little while a whole tariff law will be done, and it is making progress. It is reaching the end, and when the end comes we will have business confidence and industrial activity. Let us keep steady heads and steady hearts. The country is not going backward. American energy has not been destroyed by the storms of the past. It will yet triumph through wise and benevolent legislation."

FREE SILVER AND COMMERCE.

The theorists who insisted during the last fall's discussion of the silver question that the adoption of the silver standard would prove advantageous to our foreign commerce will probably be surprised to find that it is this very

subject which led both Japan and Peru to adopt the gold standard. Statements by the officials of these two nations show in each case that they found that their foreign commerce was suffering by reason of the fluctuations in the value of their currency since foreigners in accepting their coin simply classed it as

bullion, while they forced it upon the citizens of those countries at its face

value in payment of their exports. This testimony as to the real effect of a silver standard on foreign commerce, coming simultaneously, as it does from two nations widely separated, is extremely valuable, and must show to those who were inclined to accept the foreign commerce theory of the silver proposition last fall that it was an erroneous one.

Governor Mount's efforts to have the expenses of the state's benevolent institutions cut down are bearing fruit. Several of the institutions have reported a reduction since looking over the list of expenses. The people will approve the governor's course.

DROPPED DEAD.

James Brown, of Houston, A Well-to-do
Farmer.

The report reached here this morn-
ing that James Brown, a well-to-do
farmer of Houston dropped dead at his
home last night, presumably of heart
disease. He was about 65 years.
Full particulars could not be learned.

BUSINESS NOTES.

C. Collins came up this morning on
business.

Frank Young, of Louisville, is in the
city on business.

John Sawyer, of Jennings county was
in the city and purchased a fine buggy
today.

The low lands along the county line
east that have been too wet to work will
be much worse off by the heavy rains
this morning.

Grand Opening.

James M. Phillips will give a grand
opening at his saloon to night from 8 to
11 o'clock. All are invited to attend.
Refreshments of various kinds will be
served.

Mrs. Pease's Family Album.

The entertainment at the Baptist
church last night was quite enjoyable.
Some of the characters were excellent
impersonations of old time characters.

A neat sun was netted by the ladies.

Higher Courts Adjourn.

The supreme and appellate courts
yesterday adjourned till Sept. 14. Ar-
gument in the insurance policy tax case
was set for Oct. 27. It is thought the
court will meet once during the sum-
mer and hand down a decision in the
park board case as it has set the case
for immediate consideration and the
matter requires haste.

Position in Treasury Department.

Andrew Day has been appointed un-
der the civil service law to a position
in the treasury department. He is at
present employed in the supervising
architect's office. Under the law he
will now be prohibited from prosecuting
any claims against the government
for his friends as he has done in the
past.

of all kinds at Kisselman's.

Vanilla, strawberry and brick cream
at Hoover's.

F. H. Gates wants it distinctly un-
derstood that he is still doing business
at the old stand and that he has the
finest and the cheapest ice cream in the
city. Call and you'll say so too.

Was Delightful.

The choir of the German Lutheran
church met last evening at the home
of John H. Kamman and pleasantly en-
tertained Mr. and Mrs. Kamman with
some delightful music till a late hour.

Refreshments were served in abund-
ance.

A FORGER.

A Young Man Presents Two Checks Signed
by the John C. Grub Co.

Yesterday a young man giving his
name as C. Redmon went to Ed. Eld-
ridge at the Singer Sewing Machine
office and said he wanted to buy a
machine for his wife, it being her birth-
day.

A trade was quickly made and orders
left to deliver the machine at 113 Oak
street. In the evening he came around
with a check on First National Bank
signed by "John C. Grub & Co."

Eldridge not having the money in
the office himself he stepped into
Phillip Laugel's, next door, and got
\$15.50 the amount the check called for.
He retained \$10 and gave Redmon \$5.50.

When he went to deliver the machine
he could find no such resident at 113
Oak street as C. Redmon, who has now
gone to parts unknown. The check is
a clear case of forgery.

He presented a similar check to Bin-
der & Co. in payment for a gasoline
stove but Binder was suspicious and
would not accept it.

John P. McLean's
Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John P. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

What Special Judges Cost.

The governor, the auditor and the attorney general have begun an investigation of the question of the pay of special judges and it is found that during the last six months this practice has entailed upon the state an expense of about \$15,000. Part of this is in the nature of construction fees, the special judge charging one day's pay for the time spent in reaching the circuit and another in returning. It is also a question that has never been raised whether a judge under continuous pay from the state is entitled to extra pay while sitting as special judge. The great majority of special judges are regular judges called from another circuit.

Miss Eva Hancock and brother, Wayne have gone to Bloomington to see their sister, Miss Anna Hancock, graduate from the State University, and also to attend the wedding of Miss Nora Kirby on the 15th inst.

POLITICAL BREVITIES.

Lou Black, editor of the Orleans Examiner, has been recommended for postmaster of his town.

**

Preparations for the reception of the delegates to the national republican league convention are already in a large measure completed. President McKinley has promised to attend, in case official duties do not prevent, and the number of republicans of national prominence who will take part in the proceedings will be very large. Among the aspirants for the presidency are Thaddeus Roosevelt of New York, Edward Green of Texas, Marcus Pollasky of Chicago, L. J. Crawford of Kentucky, and Col. George Stone of San Francisco.

"There's no use in talking," says W. H. Broadwell, druggist, La Crosse, Kas., Chamberlain's Colic, Cholera and Diarrhoea Remedy does the work. After taking medicines of my own preparation and those of others I took a dose of Chamberlain's and it helped me; a second dose cured me. Candidly and conscientiously I can recommend it as the best thing on the market." The 25 and 50 cent sizes for sale by C. W. Milhous.

New Ditch Viewers Appointed.

New viewers to inspect the joint Bartholomew Jackson-county ditch were appointed by the Bartholomew county commissioners Friday. They are H. W. Lambert, H. H. Robinson and Joseph Arders.

Philadelphia sharpers have fleeced a number of supposed heirs out of a lot of money, the latter having been convinced that they were to inherit something like \$380,000,000.

Judicious advertising is the best paying investment that a business man can make. The soundest kind of investment in stocks, bonds, real estate, etc., is liable to a fluctuating value, and that is about the worst thing that can be said about judicious advertising. But its percentage of returns on the outlay is larger, and that is why it may be considered as a pretty solid investment when properly done.

Hundreds of thousands have been induced to try Chamberlain's Cough Remedy by reading what it has done for others, and having tested its merits for themselves are today its warmest friends. For sale by C. W. Milhous.
